° from October 2022 all face to face sessions 45 minutes or longer will include a minimum 30 minutes of preparation and follow up time

^ *Please note that due to the increasing costs of operations, discounts will no longer be available to privately funded clients.*

## Funding Options

Families who access TLC services fund their supports in a variety of ways

- **Private** (may be able to access limited Medicare subsidies e.g. Chronic Care Plan, or access health insurance depending on individual cover)
- **NDIS (plan managed or self managed)**  
TLC offers services to NDIS participants who are plan managed or self managed.
- **Third parties** e.g. *Department of Communities and Justice* (previously Family and Community Services), Department of Education, Catholic Education Office, Foster care agencies like CareSouth etc.

## Payment options

Payment for private and self managed NDIS clients is to be made on the day of the appointment via our EFTPOS facility or through a Credit Card stored on our practice management system.

For home and community based appointments, **Credit Card details must be stored** on our system so that payment can be processed on the day of the appointment.

Plan managed NDIS clients and those managed by other third parties will be invoiced via their plan manager/agency.
